

D^{term}® Cordless Lite Multiline Digital Terminal from NEC

The Power of Your Phone System in the Palm of Your Hand.

When your "workstation" includes your entire facility, you need the power and mobility of the D^{term} Cordless Lite Multiline Terminal from NEC. Advanced digital technology allows the D^{term} Cordless Lite Multiline Terminal to deliver sharp, wide-ranging reception so you can be away from your desk without being out of touch.

The versatile, easy to use D^{term} Cordless Lite Multiline Terminal gives you desktop functionality in a wireless handset. Its 2x16 digit LCD display provides the information you need—including

caller name and number.* You'll retrieve voice mail messages from anywhere in your facility with the touch of a button. And for power that truly fits your business, the D^{term} Cordless Lite Multiline Terminal includes programmable function keys that let you utilize the powerful features of your Electra® Elite, NEAX®1000, NEAX®2000, and NEAX®2400 telephone system. Add the convenience and power of cordless mobility to your workplace with the D^{term} Cordless Lite Multiline Terminal from NEC. And see what you can accomplish without a phone cord tying up your productivity.
